The Energy Magazine™ Practitioner Directory is formatted and designed for ease of use and printing. We recommend that you print the directory and keep a copy on hand as a quick reference. (You may print pages back to back by using the proper print setting on your computer.) The Energy Magazine™ Practitioner Directory will be published once a year in June.

We hope that the directory will:

- Allow you to network with your peers
- Find support as a student of Healing Touch

Healing Touch Program will be adding a Practitioner Directory to the Healing Touch Program website. The launch date will be announced soon in Energy Magazine™. If you wish to contact us about either directory please email: Melissa@HealingTouchProgram.com.

My clients include those who have had chronic lower back pain, migraines, and HIV-related issues. Healing Touch has reduced and many times eliminated the side effects of chemo and other cancer related treatments. Clients with Parkinson's Disease and Cystic Fibrosis have had amazing results with this modality. HT sessions have accelerated wound healing, the mending of broken bones, and post-surgery recovery. Many clients have also found a series of Healing Touch sessions very beneficial while going through stressful life transitions, such as divorce, career change, chronic health issues and periodic depression. Healing touch accelerates spiritual growth and supports deep personal transformation.
