### Product Review

#### The Beloved Special Edition 2 CD set By Beverly Rieger

Beverly Rieger created The Beloved CD Set especially for the Healing Touch Community. The Beloved is used for the Chakra spread in Level 1 Healing Touch Classes and many Healing Touch practitioners use The Beloved as the cornerstone of their sessions.

This is a two-part CD set of The Beloved. The first CD is the extended version of Track One of The Beloved in which it is repeated 7 times so that the CD does not have to be changed during a session. The Beloved mantra supports you as it opens the Heart Center through the healing melody repeated over and over.

The primary CD of the Beloved set recreates in sound our Spiritual Journey in the arms of the Beloved. The Beloved can be any name that we give to the Source of all things. This CD brings you echoes of ancient times, of wisdom, of support for walking in the world as awakened human beings, and always this music brings you the attributes of the Heart: unconditional love, compassion, loving kindness, courage, fearlessness. It contains the music of Beloved I and II, The Watchers Stille Pointe, Chilam, Walking the Labyrinth, and Mayan Portal.

*"Beverly's music is evocative and inspiring, perfect for pure listening pleasure as*

*well as meditation and visualization. People in my groups say it deepens their soul work. I highly recommend it." Carolyn Conger, PhD.*
