## Healing Touch Community Newsletter July 2007

The last weeks have flown and it's hard to believe that the July issue of the Community Newsletter is ready to be sent. These days are busily spent answering questions, setting up classes, updating the class schedule, and adding support to the website, shipping product, and so much more. The days are long, full and productive. Those of you who are used to gardening and rural life know the dawn to dusk routine of summer.

Over the last months, so many of you have offered support in one form or another, from writing articles, helping with curriculum, suggesting new products for the store, offering thoughtful feedback, asking questions that lead us to explore how to better support the community and other contributions that do not go unnoticed.

Since the recent announcement of the restructure between HTP and HTI we have received more support, feedback and questions. We appreciate your dedication and commitment to Healing Touch and are grateful that you took the time to express your appreciation, thoughts, concerns, feelings and opinions. We were pleased to see so many letters of support for the restructure. We are dedicated and committed to Healing Touch and are looking forward to working together as we create the future of Healing Touch. Thank you all so very much!

## Practitioner Support

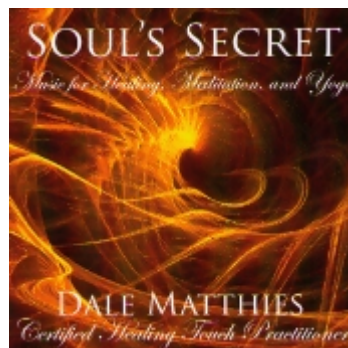

Although we tried to diligently spread the word about the Energy Magazine Practitioner Directory, it seems like many Practitioners didn't have the opportunity to sign up. Consequently, we will do an update of the directory in August and resend it out to all Energy Magazine subscribers. If you haven't already done so, please go to the HTP website and sign up <http://healingtouchprogram.com/energy/CHTPDirectory.shtml>.

You will note below, that the August issue of Energy Magazine will be devoted to articles supporting practitioners. We are hopeful these articles will give you information you can use in your practice and enjoyment in the process.

## Curriculum Update

We have been meticulously working on the new Level 2 Notebook and expect the first copies to be available around August 15<sup>th</sup>. Watch for a special offer of the Level 2 Notebook for all existing Level 2 students in the next Community Newsletter. Please note that the Level 2 Notebook will not be available through the Healing Touch Store as it is for student use only and the store is focused for the general public.

## Healthcare Model Survey

Healing Touch Program receives many requests from practitioners, instructors, nurses, hospitals and the general public asking about Healthcare Facilities who offer Healing Touch. We are conducting this survey on Healing Touch in Healthcare Facilities in order to provide a central information source, to network facilities, and to see how we might be of help to you and your facility. We will also be creating a Healthcare Directory on the HTP website. Thank you for your feedback and consideration.

We are asking for your help in distributing this survey. If you are working with Healing Touch in a Healthcare facility, please fill out the survey at: <http://www.healingtouchprogram.com/healthcare.shtml>

## Energy Magazine

The August issue of Energy Magazine will focus on articles supporting the practitioner from client informed consent to how to setting up a healing room. Stay tuned.

HT in Healthcare Facilities will be the focus of the September issue. Send us your experiences and stories to share with others. Although longer pieces are welcome, a paragraph or two is plenty. Email [Energy@HealingTouchProgram.com](mailto:Energy@HealingTouchProgram.com).
