Healing Touch Community Newsletter November 2007

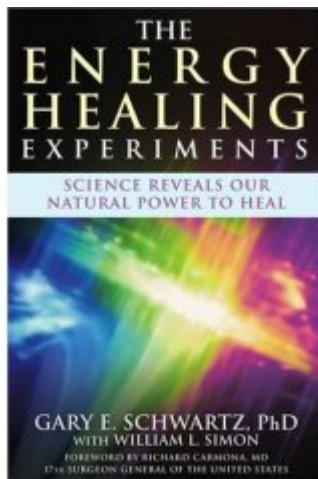

Thanksgiving – a powerful word and a wonderful Holiday. There is so much to be thankful for in this past year at HTP. We are thankful for staffs who are also friends, new additions to the Healing Touch Community in the form of students, Practitioners and Instructors, the continuing support of the entire HT community, existing and new friendships both within and outside the HT community and much personal growth. Our intention is that this thankful awareness generated by the season becomes a daily occurrence that keeps us on track and aware of all the blessings we receive.

Quotes for New Practitioner Brochure

HTP has been working on text and layout for a new brochure that can be used with the general public to support Healing Touch practitioners. We are looking for great quotes from your clients that we could use in the brochure to make this an excellent piece. The brochure will be in full color and we anticipate having it printed and available in January 2008. Please send your quotes to Margaret@HealingTouchProgram.com.

New HTP Bookstore

The HTP bookstore is the place to purchase the books you need to complete your HT training and for good general reading on energy medicine, ethics, and more. The HT recommended book list is listed by subject with a “buy now” button that takes you to Amazon or another bookstore vendor.

Gary E. Schwartz's new book, [The Energy Healing Experiments: Science Reveals Our Natural Power to Heal](#) is now available through the HTP bookstore. Dr. Schwartz covers many energy modalities, including Healing Touch. He tells marvelous stories of healings and uses experiments to confirm that the human body is a bundle of energy that can be healed by another such bundle of energy. One story is of a four-year-old boy, Philip, whose heart rate dropped precipitously following surgery; a Hindu avatar, by merely touching Philip, increased his heart rate to 80

beats a minute. Through experiments with EEGs and EKGs, Schwartz says, he and others have found that our bodies are masses of biochemical energy, that such energy connects us to plants and other animals, that this energy can be harnessed for healing and that some people are in touch with their energy and use it to heal others. Access the HTP bookstore at <http://healingtouchprogram.com/bookstore/index.shtml>

HTP Store

Consider the HTP store when choosing Holiday gifts for your friends. Choose from:

- Pendulums
- Musical CD's
- Jewelry
- "Janet's Legacy" poster and note cards
- Technique Review cards
- And more

Check it out at <http://www.healingtouchprogram.com/catalog>

Store Closeout

HTP is closing out several products, which are available for a discounted price on the HTP store. Check out these great bargains at <http://www.healingtouchprogram.com/catalog/index.php?cPath=39>

Featured CD

The Beloved CD is a Healing Touch classic. Used in Level 1 classes it has become a favorite of many practitioners for use in private sessions. Beverly Reiger put together a special CD set specifically for Healing Touch practitioners. The set contains the regular Beloved CD plus a special CD with "The Beloved" track repeated seven times. The special CD allows the Practitioner to have this beautiful track played for the length of a session without having to stop to change tracks or CDs. The set is being featured in the Healing Touch Store until December 15th at a special price of \$17.00. Consider buying one for yourself or giving one as a gift. The Healing Touch Store can be reached at <http://www.healingtouchprogram.com/catalog>

Chaplaincy CE Update

Notification from the Association of Professional Chaplains (APC) indicated that "In their recent board meeting, a decision was made to discontinue the requirements for APC members to complete 10 Continuing Chaplaincy Education (CCE) reviewed courses. The CCE program was only part (10 out of a total of 50 hours) of their total continuing education program." This means that Chaplains are no longer required to have "approved" CE's to fulfill their required 50 continuing education requirements; each member can choose courses based on their own needs and professional growth desires. This is great news. Healing

Touch was only approved for Level 1 CE credits. Chaplains can now take all levels of HT and have them apply for their requirements.

Notice

Margaret's computer was recently stolen and everything is lost (including her brain). If you sent an email regarding a healthcare packet, a hospital survey or other request within the last month and you have not heard from her please resend. Send to Margaret@HealingTouchProgram.com. Thanks.

Energy Magazine

Energy Magazine has recently received some wonderful and positive feedback from readers about last several issues indicating that the content has been helpful and informative. We want to continue to provide our subscribers useful, informative information. Please let us know what would be helpful.

The December/January (combined) issue will be about Gratitude – a wonderful way to end the 2007 and welcome in 2008. We have received some excellent articles we think you will enjoy. Watch for your subscription to arrive in your inbox on December 4th.

Subscribing to Energy helps support the magazine and the HT community. Your subscription voice assists the program. Check out the November issue at
